

**Parent Agreement  
for teenagers (15-17 years) enrolled on Summer Courses**

I agree to the following:

- Participation in all aspects of the course, including swimming and other sports
- Permission for my child to appear in photographs which may be used in St. Clare's publicity materials
- Permission for my child to receive emergency medical or dental treatment if necessary
- I authorise the College Nurse to provide my child with basic medication, such as paracetamol and ibuprofen, for minor ailments

I understand that 15, 16 and 17 year old students attending Courses for Teenagers enjoy considerable independence and freedom during their free time. They can, for example, go into Oxford unsupervised and are not required to return to the College until 11pm.
