St. Clare's, Oxford
— An International Education —

FOUNDED IN 1953

English is the language of global communication – not by chance, but as a result of decisions made by governments, educational policy makers and business leaders.

English is increasingly used to study academic subjects in schools and colleges, to make presentations at international conferences and to conduct meetings in multinational companies.

The **St. Clare's Leadership Course** prepares you to meet the challenges of the 21st century world:

– It develops your communication and critical thinking skills
– It practises your debating, negotiating and presentation skills
– It focuses on the question 'What makes a great leader?' – through case-studies, research topics, guest speaker, presentations and a Study Visit in Oxford
– It includes one excursion per week as well as accommodation and meal options
– It helps you to build lasting relationships with members of the international community.

IT'S DIFFERENT FROM THE USUAL LANGUAGE COURSES. IT WAS REALLY INTERESTING TO THINK I COULD LEARN SOMETHING ABOUT LEADERSHIP AND HOW TO SPEAK IN PUBLIC.
