

# Careers Program

St. Clare's is committed to providing outstanding Careers Education, Information Advice and Guidance through a coherent programme of activities that inform, inspire and motivate our students whilst preparing them both to make the transition at the end of their programme and to manage their future career decisions and transitions.

Our Careers programme is mapped against both the [Gatsby Benchmarks](#) and the more detailed [Framework for Careers, employability and enterprise education](#) from the Careers Development Institute. As an IB School we also embed the IB approaches to teaching and learning within taught sessions. **In doing so we meet Gatsby Benchmark 1: A Stable Careers Programme.** The document below shows the mapping to the Gatsby Benchmarks, if you would like to see the more detailed mapping document, please contact [melanie.moorhouse@stclares.ac.uk](mailto:melanie.moorhouse@stclares.ac.uk)

## Objective

To enable all students to proactively engage with the concept of 'career' and their journey of career development whilst at St. Clare's in order to make an initial positive transition and develop lifelong career management skills.

## Aims

1. For all students to progress and be aware of their own progression in the areas of:

- **Self-Awareness and Self-Development.**
- **Career Exploration and Research.**
- **Career Management Skills and Employability Skills.**

2. To provide a coherent Careers and Higher Education Programme including:

**Careers Education:** A planned and progressive programme of activities within primarily PSHE but including elements across the curriculum which helps students to develop the knowledge and skills to understand themselves, research the opportunities available, make decisions and move successfully on to the next stage and through future career decisions and transitions.

**Careers Information:** Enabling students to critically engage with information on the full range of options available in Higher Education, training and work, and the progression opportunities that follow those options through a variety of media including those accessible remotely.

**Careers Advice and Guidance:** Individual advice and guidance delivered by a qualified practitioner available to all students and empowering students to make use of this service in a proactive way at a suitable time for them.

3. For all activities to be differentiated as appropriate and for the diverse range of learning needs to be accommodated with additional 1-2-1 support and small group sessions as appropriate.
4. To actively encourage and provide the skills to enable students to find and take advantage of opportunities for work related learning (experiential learning) as part of the CAS programme and within the college holidays.
5. To maintain communication with parents and provide relevant, up to date and accessible information to enable them to best support their son/daughter with their career journey.
6. To communicate with tutors, teachers, wardens, activities team and other appropriate staff in order to embed Careers Education within the college ethos and ensure that students are able to take advantage of all opportunities to learn about careers and the world of work.

## Ongoing Support and Activities available to all year groups

Activity Type	Content	Gatsby Benchmarks
<b>External Speaker Talks</b>	<p>Talks from a range of Higher Education Institutions and employers from around the world including:</p> <ul style="list-style-type: none"> <li>• Universities and Liberal Arts Colleges from a range of countries including UK, USA, Canada and Europe.</li> <li>• Business Schools</li> <li>• Hospitality Schools</li> <li>• Art Schools</li> <li>• Liberal Arts Colleges (Europe)</li> <li>• Course Specific Talks</li> <li>• Employers and Employment focused organisations</li> </ul>	<p>2 Learning from career and labour market information  3 Addressing the needs of each pupil  5 Encounters with employers and employees  7 Encounters with further and higher education</p>

## Evaluation

---

Regular evaluation of the Careers Program is undertaken throughout the year by our Head of Careers and utilised in the Review and Development Process. Methods of evaluation we use include:

- Student feedback questionnaires.
- Analysis of First destinations of leavers and 3 Year Destinations
- Student Focus Groups.
- Discussion at appropriate staff meetings during the academic year

## Review and Development

The careers programme at St. Clare's makes use of a model of continuous improvement with evaluation information feeding into the Careers Development Plan. We collect and review a wide range of both quantitative and qualitative data to assess the impact on students including:

- Usage rates of 1-2-1 Advice and Guidance.
- Qualitative feedback from users on the 1-2-1 Advice and Guidance service.
- Usage of Careers Resources including the Portal, Team Spaces and Blog.
- Qualitative feedback from users on the Careers resources including their Notebook, Team Spaces, Portal and Blog.
- Quantity and Quality of External Speakers
- Analysis of Destinations
- Qualitative feedback from users of the interactive resources built from destinations data
- Qualitative feedback from parents on their experience of the careers service
- Quantitative and Qualitative evaluation of all events, with actions implemented in planning of the next event.

The Careers Policy, Careers Education Plan and Careers Development Plan are reviewed annually.

Next Review Date: August 2019
