

Summer Ambassador

WELCOME

from the Principal

Welcome to St Clare's, a truly remarkable school where students enjoy a world-class education in a magnificent Oxford setting. In today's fast-changing, globalised world, we believe young people need the highest quality international education to achieve everything they are capable of.

What makes St Clare's distinctively different? Our teaching methods are engaging and student-centred, which gives pupils a higher chance of achieving their potential. But we look far beyond academic results. Our educational programme is holistic and broad ranging, not only developing talents, but also building student's relationship and leadership skills, through a range of co-curricular activities. We aim to strike the right balance between academic work and leisure time, and it all happens in a special learning environment.

St Clare's graduates are responsible, creative, well-informed, inspiring people with a deep sense of respect for themselves and others. Our students leave the college as confident young people, able to successfully make their way in a competitive and complex world and make a positive difference. Above all, while an education at St Clare's is a challenging and enriching experience, it is also a highly enjoyable one.

Our students have an international outlook and can think broadly due to the diversity of our student body which is made up of more than 40 different nationalities. They experience many different perspectives and embrace a range of thinking

on topics to expand their minds. This is central to our ethos and as a result, we attract staff to the college with a similar forward-thinking mindset.

Another core feature of the school is the quality of our pastoral care. As a boarding school, the happiness and development of our students is a priority, empowering them to help shape the community. Our dedicated teams from housekeeping and catering through to teaching are committed to the development of every student. As a result, relationships between students and staff are respectful and caring and all our students feel a strong sense of belonging where they can thrive and become the best versions of themselves.

Both students and staff also benefit from being able to immerse themselves in the historic, cultural and academic resources on our doorstep including public lectures, museums, art galleries, as well as stunning architecture and beautiful parks. Oxford has it all! It is an excellent location to develop your professional skills and experience.

Come and see what makes St Clare's such an exciting and rewarding place to work! We look forward to receiving your application and welcoming you to the team.

What makes us **UNIQUE**

Range of courses offered to students

We offer a range of English language and academic subject courses during the summer months. Join our fantastic team made up of Teachers, Activity Leaders, House Parents and Welfare Managers for a great summer.

Education quality

We are committed to academic excellence and the personal development of our pupils in an international context. The outstanding quality of the education and pastoral provision is inspected regularly by the British Council and Independent Schools Inspectorate to ensure high standards are maintained.

Sustainability and climate change are going to be defining issues of the next generation, so preparing students to play a positive role is going to be vital. We are taking steps to fully embed these themes into the learning experience by facilitating participation in recognised schemes such as Eco Schools and related activities both on-site and within the local community.

Extra-curricular

Our study programmes include enriching experiences both inside and outside the classroom. We place equal emphasis on our extra-curricular programme and our academic provision as we feel that both are instrumental in developing our students into confident, resilient, healthy and independent young adults.

Our co-curricular programme has an educational, cultural, environmental, creative, sport and social focus which promotes personal growth in a stimulating and informative way. It also includes academic study visits and excursions to local places of interest and further afield.

Teaching and learning

We have a forward-thinking approach to education which provides positive preparation for life. We nurture individual development so future aspirations can be realised. By expanding their language ability and subject knowledge we challenge pupils to build the skills they need for success at university or whatever avenue they decide to follow.

Our pupils are well-mannered, focused and demonstrate a strong commitment to their studies. With a high staff-to-student ratio, our teaching approach gives students the individual support they require to reach their learning goals.
